

August 8, 2010

Dear Shooters:

The BUG match for 2010 is history. I apologize for the excessive delay in posting the match results. The day after the match the City of Buchanan suffered a water main failure which knocked the entire area out of water for about six hours and put me out inspecting restaurants and bars both Monday and Tuesday evenings. I did not actually start working on the match scoring until Wednesday evening. With 12 Stages it was like scoring two matches. Friday evening was consumed doing food inspections at the Niles River Festival, Saturday found me in Ypsilanti at the big air show watching nine B-17's and one B-24 fly around. It was marvelous.

I was ready to email the results on Monday but could not get on the internet at the Niles office. That is still a problem that the IT wizards are still trying to isolate. Today; Thursday 8-12-2010 is my first opportunity to send email from the Benton Harbor office (and I had a 44 mile round trip to do it).

There were a total of 30 shooters attending the annual BUG match of which 20 actually competed with BUG firearms. The top shooter in the BUG 5 Shot Revolver Division was Dan Gipe. The BUG Semi Auto Division has Randy Ciesiolka heading up the pack.

No surprise, someone shooting a "big" gun turned in the best overall match time. Bill Woods was the top shooter in ESP and overall match lowest time. CDP was headed up by Otis Lawrence with Pat Smith turning in a spectacular performance in SSP finishing up 5<sup>th</sup> overall. Way to go Pat.

The match was scored on Excel and will print out on legal size paper. It will also print out on letter size paper but will be disjointed.

Whoever designed Stage 11 (the dirty rotten, miserable, egg sucking course with the two US Poppers behind that intolerable plastic drum) should be drawn and quartered while still breathing. It was absolutely the worst shooting I have ever done in my life. I emptied the five shot revolver three times and still left a popper standing. I should have fired five rounds and stopped; my time would have been a third of what I ended up with. I went stupid and was going to get those poppers down or die. The poppers won because the stage killed me. Later, I went to my car and with my KelTec 380 knocked down both poppers with three shots. Go figure.

The next match will be on Sunday September 5<sup>th</sup> which is Labor Day Weekend. I plan on being out of town so I do not have to listen to the "Crow Calls" until October. I hope everyone enjoyed the BUG Match. Well, everyone except me. I always consider it the best IDPA match of the year. In a perverse way, I am looking forward to next years match.
